MIDDLEBURG, PA 17842

On Wednesday, February 9, 2022, shortly after 1 pm, the William Cameron Engine Company along with mutual aid units were dispatched to a commercial building fire at the Italian Terrace Restaurant located at 2890 State Route 405 in West Chillisquaque Township. While en route, units were advised that the caller stated flames coming through the roof.

Units arrived on the scene and observed heavy smoke coming from the left side, rear, and roof of the building. A second alarm was requested. Crews made entry into the building and located the fire in the ceiling and attic areas. The fire was under control within 30 minutes.

It appeared that the building had undergone several renovations over the years which created spaces for the fire to travel. The building was unoccupied when the fire began and no injuries were reported. The building sustained significant damage in the attic area and the remains of the building were damaged by smoke and water.

The PSP Fire Marshal is currently conducting an investigation into the cause of the fire.

The William Cameron Engine Company would like to thank the following agencies for their response and assistance: Milton Fire Department, White Deer Fire Department, Warrior Run Fire Department, Potts Grove Fire Department, Turbot Township Fire Department, and the Tuckahoe Fire Department.

Darlene and Larry Engle bid good-bye to the successful business that they have grown together over the past 5 decades at Engle's Farm & Greenhouse. It is now under new ownership

In November 2021, with heavy hearts Larry and Darlene Engle announced that they had sold Engle's Farm & Greenhouses located at 171 Greenhouse Road in Middleburg.

"We want to thank all our customers for a successful 50 years of growing our business. We also celebrated our 50th vedding anniversary this year which makes it a milestone for both our life and business," said the Engles.

For nearly 50 years, Larry and Darlene Engle have welcomed customers to their business. Customers have traveled from near and far for the quality products and wide selection of plants and vegetable. The business first started out growing seedless watermelons and cantaloupes. In 1974, they had a farm market for our fresh fruit and vegetables. In 1983, Engle's became a Pa. Certified Farm Market.

Customers then started asking for our plants," explained Darlene. "That was the start of selling flower and vegetable plants. With the help of our loyal employees, some who have been here for nearly 30 years, we steadily grew into 60,000 sq. ft. and 16 greenhouses. We have grown annuals, vegetable, herbs, a very large selection of perennials, and we're known for our starter perennials of over 200 varieties." Engle's Farm and Greenhouses can truly claim that their products are locally grown.

Then Darlene added, "We were one of the first greenhouses in the area to sell Proven Winner plants. Now, the plant is recognized by its trademark."

Larry and Darlene didn't mind the many long days in the greenhouse. They both wanted to grow a beautiful crop for their customers in the spring.

What is the secret to the success of Engle's Greenhouse? Darlene quickly credits Larry's passion for growing quality plants. "The plants started as a seed, unrooted cutting, or plug. Larry diligently watered and fertilized them. He had his schedule when to do certain things for the plants."

Darlene has always strived to provide the best customer service and best customer experience. "Our customers have been like friends to us. We are proud to say we have had many 3 generation families come to the greenhouse: grandparents, parents, and now adult children!

Over the years, Larry and Darlene Engle have had many loyal customers. "One customer told us when she heard we were selling our business that we were the 'Corner Stone of Middleburg'. Other customers call Engle's Greenhouse their 'Happy Place'.' We just want to say again, thank you and how special our customers and employees were to the success of our business," said Larry and Darlene Engle with heartfelt gratitude. Engle's Farm & Greenhouses is under new ownership. Ben Lizardi from Beavertown is the new owner. The new name is Engle's Farm & Greenhouse LLC. Most of the employees will continue working for Ben, so customers will see many familiar faces. "We wish him the best in building upon our years of a successful business," said Larry and Darlene Engle.

Maple Tours & Tastings

Edited by Kay Poeth

It is Maple Syrup time! Tours and tastings will be available at several area sugar shacks on Saturday, March 5 and Sunday March 6 from 10 am- 5 pm. Visitors will be able to see how sap is collected from the trees and turned into maple syrup. Tours are available inside each sugar shack to see the syrup being made, plus an optional trip into the sugar bush (or woods) to see the various sap collection methods. Each producer will have

products for sale. Visitors are encouraged to bring their children to this educational and tasty event. Everyone is reminded to dress for the cold and possible snow or mud, as the activities are primarily outdoors. There is no cost to attend the event.

This third annual maple weekend is hosted by the River Valleys Maple Syrup Producers Association (RVMSPA), an organization that falls under the umbrella of the Pennsylvania Maple Syrup Producers Council. Tours and tastings are being held at: Shade Stone Farm at 282 Markley Lane in Beaver Springs; Minehart Gap Maple at 30 Old Goss Lane in Lewistown, and Paddy Mountain Sugar Shack at 1385 Paddy Mountain Road in Millmont.

Mifflinburg Hose Company Establishes Scholarship

Wendy Swanger, owner of Airy Acer Soy Scents in Mifflinburg donated \$1000 to the Tod "Cleever" Steese Scholarship fund. Wendy is also donating half the profit of each "Cleever Candle" purchased to the fire department to put towards the scholarship.

The Mifflinburg Hose Company has established a scholarship to honor Tod "Cleever" Steese. Wendy Swanger, owner of Airy Acer Soy Scents in Mifflinburg donated \$1000 to the cause. Wendy is also donating half the profit of each "Cleever Candle" purchased to the fire department to put towards the scholarship. If you don't have yourself a "Cleever Candle" yet, make sure you get one! Other generous donations from the community have also

contributed to a great start to the scholarship fund. The Tod "Cleever" Steese Scholarship that will be presented to a Mifflinburg Area High School student by The Mifflinburg Hose Company at the end of each school

"We are extremely thankful for the continued outreach and support from the community as well as the local businesses to make things such as this possible!" posted the Mifflinburg Hose Company on their Facebook page.

Outdoor Ministries To Be Celebrated MIFFLINBURG, PA—Members of the congrega-

tions of the Upper Susquehanna Synod of the Evangelical Lutheran Church in America will celebrate outdoor ministries later this month. Congregations will join to celebrate the annual "Mount Luther Sunday" on February 27, 2022, Transfiguration Sunday. The Upper Susquehanna Synod Council of the Evangelical Lutheran Church in America designated that day to be "Mount Luther Sunday" to help promote outdoor ministries in the synod. Congregations will uplift the ministries of the camp during their worship services that day.

Camp Mount Luther is an extension of the ministry that is done in local congregations. The camp is asking that congregations promote the camp on that Sunday or designate another Sunday this spring to do so. Ways to promote the camp include bulletin inserts to share with congregation members, Temple Talks, camper testimonials, bulletin board displays, special camp music during Sunday school and church services as well as special offerings being collected. These activities are all expected to be

done during this event.

Camp Mount Lu-ther, located five miles west of Mifflinburg off Route 45, is a Christian church camp that runs year-round outdoor ministry programming, including an eight-week summer camp. The camp is affiliated with the Upper Susquehanna Synod of the Evangelical Lutheran Church in America and is accredited by the American Camp Association. The camp strives to provide resources and experiences in faith formation, worship, recreation, and intentional Christian com-munity for all ages. In addition, the camp facilities are available for retreats and other meetings for church, community, and civic groups during the nonsummer months. The site is used as the Outdoor Education Center for the Shikellamy and Midd-West School Districts. The camp serves people in Centre, Clinton, Columbia, Juniata, Lycoming, Mifflin. Montour, Northum-berland, Perry, Snyder, Tioga and Union Counties. For more information on any of Camp Mount Luther's programs call the camp at (570) 922-1587 or visit www.campmountluther.org

Leap Into Science At The Lewisburg Children's Museum

The Lewisburg Children's Museum (LCM) is celebrating National Leap into Science Week with a week of activities and workshops. Leap into Science is a nationwide program from The Franklin Institute Science Museum that integrates open-ended science activities with children's books. Children and families explore the science of various topics, such as wind and balance, through hands-on activities, while learning to think like scientists.

The LCM kicks off the week by offering on-site Toddler programming on Monday, February 21 at 10:30 am. This program is free with admission or membership.

"Children 2-5 years old will explore air and how an invisible substance creates visible results," explains Darrian Keller, LCM Americorp Activities Coordinator.

Later that day, the Museum will host a Blowing in the Wind Workshop for elementary children from 1:00 pm-2:30 pm. This is a drop off program where children will create wind detectors and experiment with air flow. Registration is required.

On Wednesday, February 23 at 10:00 am, the Museum will partner with the Milton Public Library (MLP) for a free virtual storytime. This program is recommended for preschool age children.

'We will be distributing kits in the weeks leading up to the storytime that will be used during the program," adds Lindsey Walter, LCM Education Director. "These free kits will include materials, such as flashlights, a book, and other materials to make and create shadows relating to the storytime theme."

"The Milton Public Library is so excited to partner with the LCM again for Leap Into Science week," says Jeanne Greif, Youth Services Librarian at MPL. "Comprehending how light and shadow and other STEM topics work are integral for understanding the world around us. Exploring those topics in a fun way through museum programs or the stories in library books can make the subjects easier for children to understand. We hope our program will demonstrate how fun it can be to think like a scientist."

Lastly on Saturday, February 26 from 10:30 am-12:30 pm, the Museum will host a balance family workshop with the Bucknell University Engineers. Families can enjoy experimenting with hands-on STEM stations, getting minds and bodies moving. These activities are free with admission or membership.

"These workshops are a fantastic way for families to explore STEM topics together," added Kahla DeSmit, LCM Executive Director. "Adults with little to no science background can feel intimidated to talk about STEM (Science, Technology, Engineering, and Mathematics) topics with their children; however, the Leap into Science program is specifically designed to help children AND adults learn to think like scientists and have fun while doing it together."

Leap into Science originated in 2007 through a partnership between The Franklin Institute and the Free Library of Philadelphia, with funding from the National Science Foundation (NSF). The goal of the original project was to engage underserved children and families across Philadelphia in science and literacy learning, by training library staff to lead programs in their branches. From 2010-2017, with additional funding from NSF and the Institute of Museum and Library services, Leap into Science expanded to 11 new pilot cities to test and refine a larger set of curriculum and training resources with underserved families.

Unless otherwise noted, these activities are included with general admission, which is \$8 per person, or LCM annual membership.

Contact the Lewisburg Children's Museum at lewisburgchildrensmuseum@gmail.com or 570-768-4914 with questions.

During February Weekend, Youth Explore Scripture

Addi Vonada of Mifflinburg, and Ellis Reed of Lewisburg led worship at Camp Mount Luther's recent GROW in the Snow retreat. Pastor Karla Leiby of St. John's Lutheran Church, Northumberland, is also pictured.

MIFFLINBURG, PA— This year's Upper Susquehanna Lutheran Synod Youth Retreat, GROW in the Snow, was held on February 5, 2022, at Camp Mount Luther. Youth and their adult leaders attended explored the theme "The Big Book," looking at scripture. Those in attendance participated in an opening Bible

study time, learning more about how the Bible can inspire and guide their lives today. They also did some Bible journaling and played "Bible Jeopardy."

Following lunch, the campers had the opportunity to play outside in the snow, being creative and using car mats to do some sledding. To close out the day, they planned their own worship service, which helped campers remember all that they learned during the weekend. Before leaving the day-long event, the campers were given a preview of Camp Mount Luther's summer programs for 2022.

Camp Mount Luther, located five miles west of Mifflinburg off Route 45, is a Christian church camp that runs year-round outdoor ministry programming, including an eight-week summer camp. The camp is

affiliated with the Upper Susquehanna Synod of the Evangelical Lutheran Church in America and is accredited by the American Camp Association. The camp strives to provide resources and experiences in faith formation, worship, recreation, and intentional Christian community for all ages. In addition, the camp facilities are available for retreats and other meetings for church, community, and civic groups during the non-summer months. The site is used as the Outdoor Education Center for the Shikellamy and Midd-West School Districts. Mifflinburg Area TSA Region 7 Leadership Conference By Kay Poeth Architectural Design: 1st Place

The Mifflinburg Area High School TSA competed in the Re-

gion 7 Leadership Conference on February 5, 2022. On February 5, 2022, Mifflinburg Area School District's Middle and High School TSA teams participated in the Region 7 TSA Leadership Conference held at Central Columbia Area High School. Seven Mifflinburg High School students participated in the event including Maria Darrup, Joshua, Hauck, Sarah Herrea, Kira Kopfinger, Gracie Martin, Maggie Roat, and Gareth Sanders.

The Technology Student Association (TSA) fosters personal growth, leadership and opportunities in technology, innovation, design and engineering. Members apply and integrate science, technology, engineering and mathematical (STEM) concepts through co-curricular activities, competitive events and related programs. The motto of TSA is "Learning to lead in a technical world."

"Last year was a virtual competition. Let me tell you that in no way compares to face-to-face competition. You see the event project of your competition and quickly understand the time and effort that went into it. You quickly find out if you are a star or have been blown away," notes Emil Stenger, TSA Advisor. "In my 30 years of doing this I've seen many students get blown away only to come back the next year and be the star."

- Joshua Hauck, Maria Darrup and Sarah Herrrea; Children's Story:2nd Place - Maggie Roat, Gracie Martin and Kira Kopfinger; Computer Integrated Manufacturing CIM:1st Place - Joshua Hauck, Maria Darrup and Sarah Herrrea; Essays on Technology: 2nd Place- Maria Darrup, 4th Place - Gracie Martin; Fashion Design: 1st Place - Maggie Roat, Gracie Martin and Kira Kopfinger; Future Technology Teacher: 1st Place - Maggie Roat; Prepared Presentation: 3rd Place – Gracie Martin; Team Technology Bowl: 4th Place -Joshua Hauck, Maria Darrup and Sarah Herrrea and Team Technology Problem Solving : 6th Place - Joshua Hauck and Gareth Sanders.

According to Stenger, ""We need competition. It brings out the best in us in the long run. My students are leaders, they are time managers, and they are competitors. They put their work/effort out there to be judged, critiqued, or even criticized. That is tough. But in the end, they held their head high and learned.'

The 2022 PA-TSA State Conference will be held on April 20-23, 2022 in Seven Springs Mountain Resort.

Congratulations to the Top 3 and/or State Qualifiers in their events:
