Dear Readers,

April 28, 2012

Jane Zimmerman (4), daughter of David & Priscilla has a fractured skull and broken wrist.

Mervin ray Stauffer (14) son of Mervin & Mabel has an appendectomy.

Our Zimmerman cousins were invited to Mahlon & Ada Burkholder of NY, where we met those from Kentucky, and Aunt Nora of Canada.

May 9, 2012

After 2 days of setting up our yard sale at Parent Hoover's, in the rain, it is a beautiful sunny day. People are out shopping at yard sales! I sold more whoopie pies than I expected. So our children came back to our house to fetch more, with the pony

As they were starting back again, Buttercup, our pony made a quick turn to back to the barn. Marie (13) was driving with one hand because she had a whoopie pie in her other hand. It threw her & Isaac (3) off the cart and Pauline (10) grabbed the reins. Isaac was wailing, "My arm is broken. I want to go to Heaven!" He only had a small brushburn. Marie limped to the house. She has a cracked heel and will need to wear a splint for 4 weeks, getting around on crutches.

May 10, 2012

We had our school picnic today, which has been postponed since Tuesday, because of rain.

Kenda Hoover (8 month old) daughter of Leon & Linda has been at home again, since April 25 after having her second bone marrow transplant at Philadelphia Children's Hospital. This time she also had chemo treatments. Her counts are not as high as they should be yet. She is still isolated, but many go outside if she stays out of the barn or garden. She is a chubby baby and is just starting to get around on the floor. Their address is: 2370 Beaver Road, Mifflinburg, PA 17844.

automotive events will be held at the Carlisle PA Fairgrounds. What started with a singular swap meet in 1974 has evolved into 12 events, 10 in Carlisle and two more in Auburn, Indiana. These events combined, draw well over

half a million enthusiasts from literally all corners of the globe. Along with the automotive fun, the grounds offer family entertainment for adults and children of all ages, a great array of food, industry guests and more. Over time, all that Carlisle stands for has justly earned it the title of America's Automotive Hometown.

As it has since 1977, Spring Carlisle opened the season, running April 25-29. The five-day event featured a swap meet, car corral and two-day auto auction presented by Auctions America by RM. Spring Carlisle provided a one-of-a-kind shopping experience and it's often said that "if you can't find it at Carlisle, you didn't look hard enough." That adage stems from that fact that over 8,100 sold-out vending spaces are filled with literally millions of pieces and parts for sale. In addition, the car corral boasts over 1,500 vehicles of various makes and models.

Finally, as part of the 2012 edition of Spring Carlisle, the Hot Rodders of Tomorrow engine-build competition returns. The competition, held in 2011 during the GM Nationals, showcases regional high school aged students who are tasked to disassemble and reassemble an engine in a specific manner and under the watchful eye of judges. Thousands of dollars in scholarship money will be available to all participants and the winning Carlisle team earns not only scholarship money, but a trip to Las Vegas and the finals at SEMA in November.

Less than two weeks after the conclusion of Spring Carlisle is Performance & Style. The event runs May 12-13 and celebrates a special kind of motorsports lifestyle. At P&S, show goers will enjoy some of the fastest, most tricked out, loudest and individually distinctive cars in the Mid-Atlantic region. The grounds are laced with over 1,500 custom compacts, modern muscle cars, VIP sedans, SUVs and more. In true festival atmosphere style, P&S features music, on-site autocross, stunt shows and a wide variety of activities guaranteed to please the thousands who attend

Following P&S, the international excitement ramps up with the Import & Kit Nationals, May 18-20 and for the second consecutive year, attendees will have an opportunity to tour the automotive world, all within the confines of the fairgrounds. Enthusiasts will be handed a passport style insert along with their free event directory and from there they can get their booklets stamped in an effort to win prizes, including free access for the 2013 event. Further, the walk around the grounds will no doubt build an appetite. Because of that, international food will once again be served in conjunction with the countries represented. As is the case during many events at Carlisle, special features and industry guests will be on site. These include a unique display of Italian cars, autocross, the designer of the Deserter; Alex Dearborn, Bruce Meyers and a one-of-a-kind teen driving school

A downtown parade, Mustangs, Fords of all types, a world record attempt industry guests and so much more -that is what Blue Oval fanatics will find as part of the 18th Ford Nationals, June 1-3. The 50th anniversary of Carroll Shelby's namesake will be featured as part of the event and Shelby owners and fanatics alike are encouraged to be part of the weekend. The Ford Nationals will be highlighted by the Downtown Carlisle Parade and Party. The parade will see Fords spanning generations roll from the fairgrounds to the square in downtown Carlisle. At that point, participants will park their cars as revelers mingle with them and live music plays in the background. Local businesses will be open as well for shopping and dining.

The GM Nationals, June 22-24, marks the mid-point of the Carlisle-based schedule. As part of GM in 2012, Cacklefest returns. Cacklefest features legendary drag racer Bruce Larson and showcases the world of fuel racing. Through a Carlisle Events' contest, select enthusiasts will win a seat in Larson's USA-1 Camaro or Corvette as Bruce helps them through the warm-up process. The result is breathtaking. Also, the weekend will feature Monster Truck excitement and for the first time, a Friday night Blues and BBQ celebration. Beginning Friday (June 22) at 4 p.m., musical acts will take the stage and play into the evening hours. At the same time, beverages and BBQ will be served via Woody's Fuel Stop. The GM Nationals is also the home of Camaros at Carlisle and will showcase some of the best from the brand, both modern and historic.

The Chrysler Nationals begin the back half of the annual schedule, running July 6-8. In a celebration of "everything Mopar," thousands of Chrysler, Jeep, Dodge and AMC products will line the grounds, meticulously interwoven with car clubs and one-of-a-kind displays. A Super Bird feature is expected to draw a crowd as will three very special guests. On Sunday only, NASCAR legend Richard Petty will be on hand. Petty will sign autographs and meet fans for a limited time, while sharing stories of his life behind the Joining Petty at Carlisle, and for the entire weekend, will be two stars from the Dukes of Hazzard. The Chrysler Nationals welcomes for the first time, Catherine Bach (Daisy Duke) and Ben Jones (Cooler). Like Petty, each will sign autographs, share stories and pose for photos with their fans. Chrysler will also feature a hemi engine giveaway, drag racing at Quarter Aces Drag-0-Way, burnouts, beauty and more.

Bike Fest is up next on the schedule, July 20-22, and open air enthusiasts will be enjoy a weekend filled with bikes, industry representation, free demo rides. In a setting not made available at a dealership, riders can check out the latest bikes from their favorite brand and in a guided setting, ride off grounds to get a true feel for what they might want to purchase. In addition, Carlisle Events anticipates at least one motorcycle giveaway and a shopping experience via brands like Kuryakyn and Appalachian Harley Davidson that is anticipated by those who return year after year. Special quests will include the StarBoyz Motorcycle Stunt Team, Country Kids Jamboree, iWheelie.com and live music throughout the weekend.

As the Carlisle Truck Nationals open the month of August, Monster Truck power will reign supreme at the Carlisle, PA Fairgrounds. Adults and children alike will revel in the excitement as the legendary Big Foot truck comes to Carlisle. Joining Big Foot will be Backdraft. These two trucks will be in action, crushing cars, revving their engines and creating a "wow factor" that trucks of their size are known for. In addition to these trucks, Virginia Giant returns to offer rides for enthusiasts young and old and Megasauras is back by popular demand. This machine transforms, breathes fire, chews cars up and spits them out. Additional activities at the Truck Nationals include a "Man Cave" style display, club challenge, drop and drag competition, a van display that will be enjoyed by thousands and the ever-popular Big Rig Show & Shine. During the big rig portion of the event, trucks on display wil range from just off the road haulers to some of the best customized rides in the region. Included in this display will be at least four trucks from the Clarion County Career Center, a school where high school students customize and modify rigs of all styles.

It's a Blue Redux during Corvettes at Carlisle in 2012. The event aims to showcase Carlisle Blue once more, as the color has been retired and production on 2012 models has come to a close. Any Carlisle Blue car owner is entitled to free Fun Field access for as long as they own the car and it's anticipated that a special Carlisle Blue area will be designated on the grounds for fans to enjoy throughout the weekend. Corvettes at Carlisle will also feature an additional parade in 2012. In addition to the annual and ever-popular Downtown Parade and Party Saturday and Sunday's awards parade, a special Friday awards parade will take place. This Friday parade is designated to recognize award winners from 2011 who were forced to miss their moment in the sun by the Sunday wash out following Hurricane Irene. A 50th Anniversary displáy will also táke place. This display will feature a great array of Corvettes from 1962. Additional components of the event include autocross, swap meet, car corral, beauty contest, industry guests including the minds behind the brand, a special Corvette diagnostic session with proceeds benefitting the Chip Miller Charitable Foundation and a great array of family activities.

Fall Carlisle, wraps the 2012 season and takes place October 3-7. The collector car swap meet, car corral and two-day auto auction, presented by Auctions America by RM will provide one final event in 2012 for enthusiasts to buy, sell and trade all things automotive. Historically, Fall Carlisle sells out from a vendor stand point and the auction will see hundreds of cars cross the block. Attendees are encouraged to consign now for a prime spot in this year's auction or register to be part of the event.

For the second straight year, a pair of co-branded events will take place in Auburn, Indiana. The partnership between Carlisle Events and Auctions America by RM sees Auburn Spring and Auburn Fall take place at the Auburn Auction Park in Auburn, Indiana. These events include a three-day auction, car corral and swap meet.

Finally, new to the Carlisle Events schedule in 2012, is an event held at the Bloomsburg Fairgrounds in Bloomsburg, Pennsylvania. In conjunction with the Bloomsburg Fair Association and the Dream Machines Motor Club the Bloomsburg Nationals powered by Carlisle Events will take place August 10-12, just after the Carlisle Truck Nationals. This is an all brand show and enthusiasts can expect many familiar aspects of previous Bloomsburg events with a special Carlisle twist. Bull riding, burnouts, a swap meet and car corral as well as a Saturday night concert are already confirmed, with more events to be announced going forward.

Carlisle Events offers various ways to experience a show at a reasonable price and in some cases, get up close and personal with the action. Most events on the 2012 schedule will feature unprecedented access through the Gate-N-Go showfield registration program. Gate-N-Go will allow you to save time and money. When you pre-register, you save \$10 off the standard registration price. Enjoy the VIP treatment of driving straight to Gate 3 Once you drive through the main gate, you will be guided to your designated parking area. Check your desired show for pre-registration deadlines and details. No matter what event you attend or participate in, you will find safe, family friendly entertainment for show-goers of all ages. Lewisburg Young women Arise And Shine Forth That Thy Light Prepare

The young women of The Church of Jesus Christ of Latter-Day Saints helped the town of Williamsport and surrounding community learn preparedness skills. The Church of Jesus Christ of Latter-Day Saints sponsored a Preparedness Fair on April 14th at their church building in Cogan Station to help the community be more aware of ways we can be prepared for emergencies. The fair had more than 25 booths including: how to raise your own chickens, how to communicate by ham radio, quilting, gardening and essentials to have in a 72 hour emergency kit. The young women of the Lewisburg and Sunbury areas helped operate the dutch oven cooking booth, the children's corner and helped make posters for the alternate ways to communicate in case of natural disasters. Thanks to these young women and other presenters, our community is more aware of how important it is that we all be prepared for emergencies which may impact central PA.

May Be A Standard For The Nations

The Lewisburg young women of The Church of Jesus Christ of Latter-Day are following their theme for this year; which is, "Arisen and Shine forth that thy light may be a standard for the nations", by helping the Bloomsburg Fair Grounds get ready for this year's fair. Last year, because of the flooding, the Bloomsburg Fair had to be cancelled but thanks to many volunteers they now have a good start on being ready for this year. The young women from The Church of Jesus Christ of Latter-Day Saints took Saturday, April 21st to help repaint the park benches that are placed throughout the fairgrounds. Even though they were speckled with green paint, they were happy to be of service in the community. The young women were just a few of the more than three hundred Mormon Helping Hand volunteers that showed up to help paint benches and fix up the grounds at Bloomsburg

DARLINGTON, S.C.-- Jimmie Johnson gave Rick Hendrick his 200th NASCAR Sprint Cup Series victory, as he ran away from the rest of the field on a green-white-checkered-flag restart in Saturday night's Southern 500.

Johnson took the lead from Kyle Busch on lap 325 of the 367lap race, and never relinguished it again, despite another caution that came out on lap 362, after Kurt Busch whacked the outside

Even though he had the fastest car, fuel was an issue with Johnson and his 48-team.

'What a day," said Johnson. "We knew we would be close on fuel. I just had to pace myself and hope that it lasted.

We caught some cautions that helped. I could try to save fuel going down the straightaway, by not using a lot of gas, not much brake, and just fly through the corner. The car handled so well, it allowed me to save more fuel."

Denny Hamlin ran second, the same as in Friday night's Na-

"Our finish is because of the crew chief making good calls and the pit crew making good pit stops," said Hamlin. "That kept us in the ballgame, kept our track position up front.

"We were planning on taking two (tires)on that last stop, but I slid through the box, so we had to take four tires, and at that point we were fifth or sixth, then we just had to battle back.'

Tony Stewart was third, followed by, Kyle Busch, Martin Truex, Matt Kenseth, Carl Edwards, Kasey Kahne, Marcos Ambrose, and Joey Loganao.

After the race, Ryan Newman parked his car near Kurt Busch's and exchanged words with Busch. Several of Newman's crew members tried to confront crewmembers on Busch's team, and the driver himself, but NASCAR officials restrained them.

'The 39 (Newman's) guys were mad because Kurt burned out of our pit stall, and I don't know if they were still there working or whatnot," said Nick Harrison, Busch's crew chief. "Their gas man came down there raising hell and wanting to fight Kurt.' The hard feelings stemmed from the aftermath of the wreck

during the last caution, when Busch brought his car to pit road "It's crazy, pit road," said Tony Gibson, Newman's crew chief.

"Things happen, and everybody's emotions run high. It's a hot night. Everybody settles down and talks about it. We're all good. We can't control drivers. Nothing against the team, or any of those guys. They didn't do anything wrong." Dale Earnhardt Jr. finished 17th.

Danica Patrick was 31st, five laps down.

Jeff Gordon continues to struggle. He finished 34th, and is probably out of this year's Chase.

Top-12 leaders after 11 of 36: 1. Biffle-411, 2. Kenseth-409, 3. Earnhardt-397, 4. Hamlin-394, 5. Johnson-372, 6. Truex-372, 7. Stewart-369, 8. Harvick-361, 9. Kyle Busch-349, 10. Edwards-337, 11. Bowyer-335, 12. Keselowski-328

LOGANO GETS SECOND STRAIGHT NATIONWIDE WIN Joey Logano pulled away from his teammate Denny Hamlin

on a green-white-checkered finish at Darlington for his second consecutive Nationwide win. Hamlin, who led the most laps, had complained of an engine

problem during the final two laps, finished .256 seconds behind Logano in the runner-up position. Brad Keselowski ran third, followed by Sam Hornish Jr. and rookie Austin Dillon. Ricky Stenhouse, Brian Scott, Kurt Busch, James Buescher,

and Cole Whitt rounded out the top-10. Danica Patrick finished 12th and Travis Pastrana 17th, both on

the lead lap in their Darlington debuts.

Top-10 points leaders after 9 of 33: 1. R. Stenhouse Jr.-364, E. Sadler-341, 3. A. Dillon-329, 4. S. Hornish Jr.-305, 5. C. Whitt-282, 6. M. Annett-271, 7. J. Allgaier-260, 8. M. Bliss-230, 9. J. Nemechek-222, 10. D. Patrick-219. CARROLL SHELBY IS GONE

One of the toughest and most race-savvy men in motorsports is gone. Carroll Shelby died Friday, May 10, 2012, at the age of 89... But the legacy he left us is huge.

He fathered the Cobra sports car and all the various Shelby Mustangs and Shelby Dodges, and was the commanding general of the Ford Mustang.

Shelby was diagnosed with heart problems when he was seven, had a heart transplant in 1990, but continued to race and design

He was a giant in the racing field, and what he brought to the sport will be utilized and carried forward by future generations.

Meanwhile Dodge finds itself in a very shaky spot. The only teams currently running the Dodge name is the two-car Penske Racing. Brad Keselowski, winner of two Cup races and driver of the No. 2 Penske Dodge, will be in a Ford next season.

With such apparent success, why is Penske ditching Dodge

A further twist in the story is that Penske Racing has said it would still be interested in the business of building Dodge engines, despite the move to Ford

I'd have to say Penske is being offered some major incentives.

If Penske goes ahead with the deal, just where will that put Dodge next year?

The ideal move for Dodge fans would be for them to pair up with Richard Petty Motorsports. At one time the red and blue Dodges and Plymouths driven by Richard Petty dominated the sport.

But then again, money talks, and Ford spoke the loudest when it mattered to RPM.

Despite valiant efforts by Petty, their two teams are not performing well in Fords. And on top of that, sponsorship continues to be a problem for them.

Another difficulty to be overcome would be that of engine building. There aren't many Dodge engine builders out there. It's hard for me to conceive that Ford would approve of Penske running their brand cars and building Dodge engines for another

None of the other big names, Richard Childress, Michael Waltrip, or Hendrick Motorsports has any interest in switching. So, where does that leave the Dodge brand?

I don't know, but Dodge needs to be in NASCAR, if nothing else than for their presence and name recognition.

It's my guess they will hook up with one or two of the small under funded Cup teams. If not, they may just drop off the roster until something else

develops, and they can align themselves with a proper team. Weekend Racing: The Trucks and Cup teams will be at Charlotte Motor Speedway. The trucks run a regular race, but for the Cup teams, it is the Annual Sprint All-Star Race, a non-points event. The Nationwide teams will be at the seven-eighths-mile Newton,

New Senior Homecare Company to Open in Lewisburg

Visiting Angels, one of the nation's fastest growing providers of assisted living services for seniors, has opened its newest franchise, here in Lewisburg, PA. The new location, owned and operated by Robin and Daniel Miller of Lewisburg, provides non-medical senior homecare to help the elderly continue to live in their homes. The new Visiting Angels is located at 4650 Westbranch Highway in Lewisburg and will serve a large area including Williamsport, Danville, Mifflinburg, Selinsgrove, Sunbury, and Middleburg.

Miller, who moved to Lewisburg in 2009, has owned and operated automotive businesses for more than 30 years. He learned about Visiting Angels while exploring opportunities to open a new business here in Lewisburg. His research showed that a rapidly aging population, coupled with the rising costs of nursing home care and depleted retirement funds, has created an urgent need for in-home elderly care.

"According to the Administration on Aging, Pennsylvania is third in the nation with 20% of its population over the age of 60. Only Florida and West Virginia have a higher percentage of elderly," says Miller. "At the same time, working families have less time to spend caring for their aging parents, which has created a real crisis in America. Visiting Angels solves that problem by providing non-medical senior care in the home—of either the elderly client or the family who cares for the parent. In that respect, we do serve as angels, helping with basic chores, personal hygiene, meal preparation, shopping, companionship dementia care and providing respite for family care givers."

Nationwide, there are over 450 Visiting Angel franchises, with more to open during 2012. "I was attracted to the business by the opportunity to do something good for others, and by the memory of my mother constantly asking when could she go home, when we had placed her in a nursing home several years ago," says Miller. "The franchisor has been a wonderful source of training and support, providing lots of ideas, marketing programs, as well as information about how to best serve our clients, many of whom are facing difficult personal issues. Our job is to lessen their burden, give their families peace of mind, and provide a way to let Mom or Dad continue to live in the home they have grown to love over the years.

Smart Engineering · Fuel Efficient · Reliable · Long-lasting Value Let your authorized dealer show you how rewarding it is to own a Kubota. Offers end June 30, 2012.
