Historic House Tours and Exhibit

Farm vehicles and equipment in the Wagon Shed at the Dale/Engle/Walker House.

The Dale/Engle/Walker House, 1471 Strawbridge Road, Lewisburg is open for tours on Sunday, October 20 from 2 to 4 in the afternoon. The last tour of the season is on the 27th. These are the last chances to see the exhibit on the Union County Centennial and the exhibit on gristmills, based on the newly released Heritage book, "Water-powered Gristmills in Union County, Pennsylvania" by Tom Rich and David Del Testa of Bucknell University. The Gristmills book is available for purchase during tour hours at the house.

Tours of this c. 1793 limestone farmhouse include the original hearth with period cooking implements, the wagon shed with vintage tools and vehicles, and the milk house with dairy display. Interactive audio stations describe county history: early residents including immigrant Samuel Dale and family slave Dinah; farming and dairying; the Engles who ran a farm and dairy in the 1930s-40s. The house is a good example of 18th-19th century architecture, restored and maintained by the Union County Historical Society.

Directions from Route 15 in Lewisburg take Route 192 west for 1.5 miles and turn north on Strawbridge Road, continue 1.5 miles to the site.

For more information, contact the Union County Historical Society at 570-524-8666 (M-F).

TIRE BURNER TOWN HALL LOCATION CHANGE

The Tire Burner Team opposing the proposed En-Tire Logistics tire incinerator to generate steam and power for National Gypsum in White Deer Township announces a Town Hall Meeting on Tuesday, Oct. 22, 7:30 p.m., at the Warrior Run Area Fire Department Building, White Deer Ave., Allenwood. This will immediately follow the Department of Environmental Protection's informational meeting about the En-Tire project scheduled for 6 - 7:30 p.m. at the same location.

The purpose of the Town Hall Meeting will be to discuss the DEP's permit approval and next steps for the project, explain the risks this tire burner poses, and organize the community for the various tasks involved in fighting the incinerator.

"We are asking the community to come together to be better informed, present a united front of opposition, and volunteer in the effort to protect our children, public health and beautiful area from this threat to our community," said The Rev. Dr. Leah Schade, coordinator and spokesperson for the team.

"As a resident of White Deer Township I know how adamantly this community stands against putting this tire burner here. We look forward to this meeting with our many interested neighbors who want to help stop it," said White Deer resident Pete Mackey.

The community is also urged to "like" the Facebook page, StopTheTireBurner, and sign the online petition available at change.org, under Tire Burner Team.

Fatal Motorcycle Crash

Craig A. Kratzer, 40, of New Columbia, was riding his 2011 Harley Davidson Street Glide west on Ridge Road, near Yonkin Road, in White Deer Township at approximately 1:54 a.m. on October 13, 2013. He failed to negotiate a right hand curve in the roadway and the motorcycle traveled off the north side of the roadway before continuing west along a ditch, striking a drainage culvert, east of Yonkin Road. Upon striking the culvert, Kratzer was thrown from his motorcycle and it overturned, sliding along the roadway.

Kratzer was pronounced dead at the scene by the Union County Deputy coroner Bradley Miller. Ridge Road was closed for approximately three hours for investigation. White Deer Fire Department assisted on the scene.

Deadly Bus Crash Tests Emergency Preparedness of Local Hospital

On Wednesday, October 9, 2013, a Greyhound Lines bus collided with a tractor trailer on Interstate 80. Victims were sent to area hospitals in the rare mass casualty incident. Evangelical Community Hospital's Emergency Department responded with medical treatment for 14 patients.

The Hospital's Incident Command Team was initiated into service at approximately 2:00 am with patients arriving starting at 2:30 am.

This team of experts trains each month for incidents, including response to a mass casualty accident. Though done in simulation environments, those exercises prepare the team for real-life responses like the accident on Interstate 80.

Gregg Rokavec, Director of Environmental Safety and Security at Evangelical, said, "We always say we hope we never have to use our emergency response systems that are in place. In this case, we had to use the team to respond, and it is a validation that we are prepared to handle an emergency with mass injuries, and to do it in a way that puts patient care first and makes them as comfortable as they can be in an unfortunate situation."

The Incident Command Team consists of employees representing the emergency department, infection control, security/safety, pre-hospital services, nursing, surgical services, plant engineering, information technology, finance, and public relations.

The Hospital's Emergency Department responded with treatment for a total of 14 victims, 2 of those patients were transferred to another local hospital, and the remaining 12 were released after treatment. Additional victims were transported from the scene to Geisinger Medical Center, Susquehanna Health, Muncy Valley and Lock Haven.

Staff at Evangelical, from volunteers to nursing staff to physicians met the needs of the patients under their care assisting in connecting them with family members. A variety of Hospital departments cooperated in meeting the victims' emotional and psychological needs. Individual patient names and conditions are not being released.

Evangelical is working with representatives of Greyhound Lines who are assisting the victims in reaching their travel destinations.

Evangelical Community Hospital received the Healthgrades Outstanding Patient Experience Award in 2013 for the fifth consecutive year, making it one of two hospitals in Pennsylvania

to be recognized for consistent, positive patient experience.

Evangelical is a non-profit organization that employs approximately 1,300 people and has more than 170 employed and non-employed physicians on staff. The Hospital is licensed to accommodate 132 overnight patients, 12 acute rehab patients and 18 bassinets. The Hospital serves residents throughout the Central Susquehanna Valley, including those living in Snyder, Union, Northumberland and Lycoming Counties.

The Old Eight-sided Schoolhouse (conclusion)
In English:
Now they have school almost the whole year,
And sometimes even at night,
They have a pile of books
And study everything.
When one thinks how long
They go to school,
From six years up to twenty,
One would certainly think
That they should have better education,
Should be as smart as preachers;
But often the highest educated
In the end are the biggest fools!
Take Care,
The Old Professor (Earl C. Haag)

In Dutch:
Nau hen sie Schul schier ganse Yaahr,
Un manchmol nachts debei,
Hen groosse Haufe Bicher
Un schtudiere allerlei.
Wann mer denkt die lange Zeit
Wu sie in die Schul gehne,
Vun sechs Yaahr bi snuff zu zwanzich,
Sott mer doch gewiss aa mehne
Sie sodde bessere Lanning hawwe,
Sodde gscheidt sei wie die Parre;
Ofdmols sin die heechstgelandde
An End doch die greeschde Narre!
Macht's gut.
Der Alt Professor

(Used with permission)
Well, what do you think of the conclusion? I hope education doesn't do that to us! I think a lot of "common sense" was learned in those one room schools also! Write to me! Jean Markley Keiser, 1133 Carolina Ave., West Chester, PA 19380

Life Line Screening

Stroke and Osteoporosis Screenings Coming to New Berlin, Pennsylvania Sponsored By: Evangelical Community Hospital

New Berlin, Pennsylvania – Residents living in and around the New Berlin, Pennsylvania community can be screened to reduce their risk of having a stroke or bone fracture. Messiah Lutheran Church will host Life Line Screening on 11/7/2013. The site is located at 308 Market St in New Berlin. Joanne Higgins of Hanover, PA attended a Life Line Screening and said, "I probably wouldn't be here if not for Life Line Screening". This event is being Sponsored By: Evangelical Community Hospital

Four key points every person needs to know:
• Stroke is the third leading cause of death and a leading cause of permanent disability
• 80% of stroke victims had no apparent warning signs prior to their stroke
• Preventive ultrasound screenings can help you avoid a stroke
• Screenings are fast, noninvasive, painless, affordable and convenient

Screenings identify potential cardiovascular conditions such as blocked arteries and irregular heart rhythm, abdominal aortic aneurysms, and hardening of the arteries in the legs, which is a strong predictor of heart disease. A bone density screening to assess osteoporosis risk is also offered and is appropriate for both men and women.

Packages start at \$159. All five screenings take 60-90 minutes to complete. For more information regarding the screenings or to schedule an appointment, call 1-877-237-1287 or visit our website at www.lifelinescreening.com. Pre-registration is required.

Keselowski Breaks Winless Streak At Charlotte

Brad Keselowski won Saturday night's Sprint Cup race at Charlotte, in what started off to be a comedy of errors for his team.

During a pit stop under caution on Lap 87, Keselowski left his stall too early with the jack stuck under his car. It remained there for the entire 1.5 miles around the track. He was able to return to his pits, and the team removed it.

"That was a big mistake on my part," said Keselowski. "We had a lot of struggles tonight. We didn't qualify well (23rd), but we kept working our way forward. I knew we had a good car. I'm not sure we were as good as the 48 (Johnson) or the 5 (Kahne).

"I never got to really race them until the end, so I think we were probably pretty even. When they made the call to take four tires, and I saw we were close to the front, I knew we could get them."

The Hendrick Racing teams of Jimmie Johnson and Kasey Kahne dominated the race, but took only two tires on the last pit stop, which proved to be a mistake. Kasey Kahne led 138 laps of the 334-lap race, while five-time champion Jimmie Johnson led 130.

Johnson was leading the race, with Kahne running second when a caution came out on lap 309. On the restart, it was Kahne, Jeff Gordon, Jimmie Johnson and Brad Keselowski.

Johnson seemed to have the dominant car, but got off to a poor restart and was shuffled back to the eighth position. Kahne pulled out front, but Keselowski was able to catch him on lap 321, and two laps later, made the pass for the lead.

Keselowski became the first non-Chase driver to win a Chase race since Jamie McMurray in 2010.

"I actually had a good car all night," said Kahne. "We raced hard and came close. I rubbed the wall a little with a couple laps to go, and I knew that was the best I could do."

Matt Kenseth's third-place finish kept him ahead of Johnson in Chase points.

"Based on where we qualified, I'd say we did a pretty good job," said Kenseth. "The car was real good there at the end, but we just couldn't get it to the front."

Johnson had to settle for fourth.

"On that last restart I pushed the 5-Car (Kasey Kahne), and I stayed a little too close to him," said Johnson. "A couple of guys got in front of me and I got shuffled back."

Kyle Busch, Kevin Harvick, Jeff Gordon, Ryan Newman, Denny Hamlin, and Carl Edwards were the remaining top-10 finishers.

Kurt Busch never had the speed and finished 14th.

Kyle Larson, the young rookie made his first Cup start. During the early and middle stages of the race he ran as high as 12th, but his car faded near the end, and he finished 37th.

Top-13 Chase leaders with 5 races remaining: 1. Kenseth-2225, 2. Johnson-2221, 3. Harvick-2196, 4. Gordon-2189, 5. Harvick-2188, 6. Biffle-2167, 7. Kurt Busch-2166, 8. Bowyer-2162, 9. Earnhardt-2159, 10. Edwards-2158, 11. Logano-2150, 12. Newman-2147, 13. Kahne-2144.

"ROWDY" KYLE HOLDS ON FOR NATIONWIDE WIN

"Rowdy" Kyle Busch started on the pole in route to winning Friday's Nationwide race at Charlotte.

Busch, who led earlier in the race, had fallen back to eighth when a caution came out on lap 157 of the 200-lap race. Busch was first off pit road for the restart on Lap 163 and held the top spot until Sam Hornish ran him down on Lap 180. Hornish's car began to fade, and Busch regained the lead on lap 193. Second-place finisher, Austin Dillon tried but was unable to catch the swifter Busch.

The victory was the series-best 11th of the season for Busch, who won for the eighth time in the series at Charlotte and for the 62nd time in his career. Busch announced in victory lane that he was donating all the race winnings to combat breast cancer.

"I didn't think we were going to win the thing, but somehow I got to the top and started making time and was able to get back up there (to the lead)," Busch said.

Austin Dillon's runner-up finish allowed him to maintain an eight-point lead over Hornish, who finished third.

"We had three guys fighting it out there till the end with everything we had," Dillon said. "It was a heck of a race. I told Sam (Hornish) it was the best race I felt like I was a part of all year, slicing and dicing out there.

"Man, it was so easy to miss your line out there. The track's obviously getting some character, and it's creating some better racing, I feel like. It was a good run for us. This isn't one of our better tracks, and to come here and do that, I'm very happy."

Kevin Harvick was fourth, followed by Matt Kenseth, Justin Allgaier, Joey Logano, Trevor Bayne, Parker Kligerman, and Michael Annett.

Top-10 leaders after 30 of 33: 1. A. Dillon-1067, 2. Hornish-1059, 3. Smith-1015, 4. Allgaier-997, 5. Sadler-989, 6. Bayne-976, 7. Scott-974, 8. Vickers-970, 9. Larson-910, 10. Kligerman-893.

BRAUN SETS NEW DAYTONA SPEED RECORD

Colin Braun became the first driver to average better than 220 mph around the 2.5-mile Daytona International Speedway trioval in a special record run session last Wednesday.

His speed of 222.971 miles per hour broke Bill Elliott's time of 210.397 that was set in 1987, in a Harry Melling No. 9 Ford Thunderbird.

Braun's record-shattering run started coming at about 3 p.m., following a morning spent mostly on chasing demons whose ugly little heads rarely arise until it's time to start chasing records.

First up on that list was a wet track left overnight from Tuesday's rains. If anyone was to go fast through the track's 31-degree banking, the asphalt would have to be dry.

The track's jet-engined dryers were on the track at daybreak. When allowed on the track, the mechanical issues, such as they were, began to arise. Eventually, Braun was able to get on the track for his record-setting run.

"I'd have it on a line and it'd suddenly jump 10 feet to the right or 8 feet to the left," Braun said. "There just wasn't a feel for when or by how much it was going to do it; you just suddenly found yourself somewhere other than where you desired to be."

What Braun experienced was his car being lifted up by the aerodynamics of the wind created at that speed. By 1988, NASCAR discovered that at speeds over 200 miles per hour, wind was able to get under the cars and lift the front end up, causing the entire car to become airborne.

To remedy this NASCAR instituted the use of spacers or "restrictors" under the carburetor so the engine would not produce as much horsepower. This came to be known as "restrictor-plate" racing, and continues to be used at Daytona and Talladega. With these engine restrictors in place, car speeds are kept below 200 mph, and keeps them from becoming airborne.

Weekend Racing: The trucks and Cup teams are at the 2.66-mile Talladega Superspeedway. The Nationwide teams do not race again until Nov. 2.

Sat., Oct. 19, Truck Series race 18 of 22; Starting time: 4 pm ET;

TV: Foxsport1.

Sun., Oct. 20, Sprint Cup race 32 of 36; Starting time: 2 pm ET; TV: ESPN.

Racing Trivia Question: When is Tony Stewart scheduled to return to Cup racing?

Last Week's Question: How many Hendrick Racing drivers are in this year's Chase? Answer: All four; Jimmie Johnson, Jeff Gordon, Dale Earnhardt Jr., and Kasey Kahne.

Haunt To Benefit Local Transplant Fund

All sightseers including trick or treaters are invited to the annual Roushville Yard Haunt at 605 Spangler Street in New Berlin, just above the New Berlin Elementary School. The Roush family has been holding this event for the past 16 years and it's considered "the house" for Halloween. There's a full yard and garage display that includes skeletons, witches, and a variety of monsters.

"We're open for viewing October 28th to the 31st," Kelly Roush said, "and trick or treaters can stop on the 31st from 6:00-10:00 PM. "We have a lot of displays and we're very family friendly. There aren't any actors jumping out to scare people."

This year the Roush family is partnering with Pennsylvania Cystic Fibrosis, Inc. (PACFI), and all proceeds from the event will go to the Save Chris Transplant Fund. Chris is a local young woman who has cystic fibrosis (CF) and diabetes. She's been on the lung transplant list at the University of Pittsburgh Medical Center for several months and she was previously rushed to Pittsburgh to receive her new lungs only to find that the new lungs could not be transplanted due to an infection. Chris worked all her life until her health declined and now she works part-time when able.

PACFI has already donated \$1000 to her Transplant Fund, and the organization will send all proceeds to the Fund to help with expenses. The average lung transplant costs about \$650,000, and most insurance plans will cover about 80% of that, leaving the family to pay the remaining 20% or about \$130,000.

"This Halloween season we ask that if you come to see our display, please place a donation in the container provided," Roush said. "It might be guarded by a witch, but she's friendly, so please stop in if you dare!" The first 15 donors will receive a special gift.

For those unable to attend the Haunt but want to donate, send a check to the Save Chris Transplant Fund, c/o The Mifflinburg Bank and Trust Company, 250 East Chestnut Street, Mifflinburg, PA 17844.
