# UC Veterans' 4th of July Parade Honors 250 Years of Independence

By Kay Poeth

*The crowd was thrilled with all the entries in the 2026 Annual Union County Veterans 4th of July Parade. (Photos provided by Debbie Bilger.)*

Despite the rain, spectators lined the streets for the Union County Veterans' 4th of July Parade Honoring 250 Years of Independence on June 27. 2026. Each year the parade proudly honors over 100 veterans as well as first responders, community groups and difference-makers in our communities. This year, the grand marshal was embodied by all the spectators, participants, and veterans together celebrating the 250th Anniversary of America. The theme "One Nation. Communities United" resonated with the crowd.

This year's parade began with "Paul Revere" (Felicia Metzgar on her horse Rutter) prancing down the street announcing, "The Parade Is Coming!"

The parade featured Gold Star Families, Mazeppa Veterans, Bucknell athletes, Miss Pennsylvania Stephanie Skinner, the United States Submarine Veterans and Veterans who served during many conflicts such as the Korean War, Vietnam War, to present day. Wrapping up the parade, fire apparatus from across the Valley provided a stunning conclusion to the event.

According to Terry Burke, President of the Union County Veterans' 4th of July Celebration, there were approximately 250 entries in the parade this year with over 2000 participants.

Due to the weather, the Lewisburg, Mifflinburg and Milton High school bands did not appear to avoid damaging their instruments. Both Fralinger and Greater Kensington Mummers String Bands did attend. However, they did not march in the parade for fear of causing damage to their elaborate and expensive costumes. Instead, they performed in Hufnagle Park for about 30 minutes each following the parade. Several mini-concerts were performed by the bands for an appreciative crowd.

In the spirit of our mantra, One Nation, Communities United, the celebration has grown to be the Region's celebration. Judy Machesic, Executive Director of the Susquehanna River Valley Visitors Bureau echoes the Region's excitement, "As America prepares to celebrate its 250th birthday, the Susquehanna River Valley Visitors Bureau is proud to sponsor the Union County Veterans' 4th of July Celebration, which promised to be bigger and better than ever. This signature event brings together residents and visitors alike while showcasing the pride, patriotism and strong sense of community that define our region."

North Shore Railroad offered train rides departing from Hufnagle Park from Lewisburg to Winfield and back. The passenger train was pulled by LVRR 9052 (Veterans Unit) and NSHR 2238 (Semiquincentennial Locomotive). This was the first time the Semiquincentennial Locomotive was used for passenger excursions. "We are honored to bring train rides to the Union County Veterans' 4th of July Parade this year," said Loni Martz Briner, Public Relations & Media Manager for North Shore Railroad Company. "America only turns 250 once, and this year, we are excited to be able to add to the parade celebrations with America's Semiquincentennial Locomotive: NSHR 2238. She will be pulling our passenger train with LVRR 9052 – the Veterans Unit." The train filled everyone who rode it or saw the locomotives with a sense of patriotism and pride! There were so many smiling faces!

"Lewisburg Borough is honored to serve as the host community for the Union County Fourth of July Celebration as our nation approaches the 250th anniversary of American democracy. We welcome residents and visitors of all ages to gather in community, celebrate our shared history, and reflect on the generations of people whose service, sacrifice, and civic participation continue to shape our country," said Mayor Kendy Alvarez. "In communities like ours, democracy is lived not only in moments of national significance, but in the everyday work of neighbors, volunteers, local organizations, and public servants building a stronger future together. As we honor the past and celebrate the present, may this occasion inspire hope, unity, and renewed commitment to the promise of democracy for generations to come."

Even with the rain, there was a great turnout. According to Terry Burke,"Our veterans and our country have endured more than a little rain in the last 250 years. And our crowd showed that they could too to show our veterans their thanks."

If you missed the 2026 Union County Veterans' 4th of July Parade or want to watch it again, SECV8 (Service Electric Cablevision Channel 508) is showing reruns throughout the month of July. It is also available on their YouTube channel for those out of the area. There is a link on the Union County Veterans' 4th of July Parade Facebook page and website: ucveterans4thofjuly.org.

# Police

**MILTON STATE POLICE**

**Hit & Run** 1:10 p.m. June 22, on SR 304, in Limestone Township. A 2016 Ford Explorer driven by Joan F. Farrell, 47, of Millmont, was traveling north on SR 304 when it exited the roadway on the east shoulder, subsequently striking a mailbox, before continuing north on SR 304 without stopping at the crash scene.

**Crash** 7:16 p.m.m June 24, on Reber Road, in West Buffalo Township. A 2002 Polaris Sportsman driven by a 15 year old male, of Mifflinburg, was traveling west on Reber Road. While traveling west the driver became distracted. The driver applied the brakes and swerved right. This maneuver caused one of the three passengers to be ejected from the Polaris Sportsman. Passenger one was not wearing a helmet then struck the asphalt. The Polaris Sportsman came to a rest facing west. Passenger one was Life Flighted to Geisinger Medical Center with potential serious injuries.

**Hit & Run** 11:10 a.m. June 22, on Col John Kelly Road, east of Titzell Road, in Kelly Township. A 2000 Honda CRV driven by Aiden A. Wilson, 20, of Plymouth, was traveling east on Col John Kelly Road. A 2008 Honda Civic was parked in the driveway of the residence unattended. The Honda CRV traveled off the roadway on the right side and struck the Honda Civic in the rear bumper. The Honda CRV backed up into the yard and pulled onto the road and continued traveling east on Col John Kelly Road without stopping to provide information. No injuries were reported.

**Theft** 10:26 a.m. June 22, at 360 White Deer Run Road, in Gregg Township. PSP responded to investigate the report of a theft.

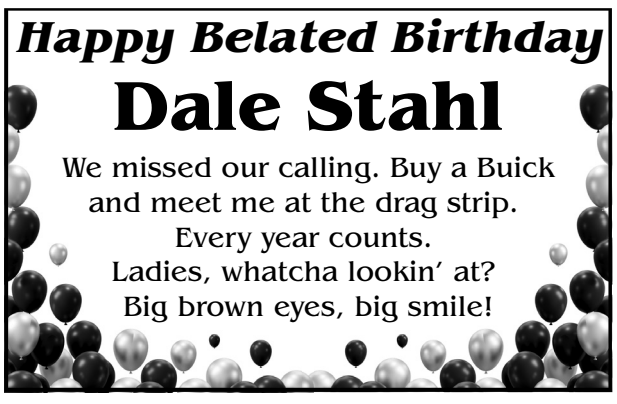

**Crash** 10:35 p.m. June 24, on SR 304, west of Amish Road, in Union Township. A 2018 Subaru Forester driven by Travis L. Bryant, 38, of Milton, was traveling east on SR 304. The Subaru Forester exited the north side of the roadway for an unknown reason striking a utility pole. No injuries were reported. Bryant was issued a warning for driving on roadways laned for traffic (single).

**DUI** 6:21 p.m. June 3, on Shinbone Road, in Buffalo Township. A 52 year old male, of Mifflinburg was arrested for DUI.

## *Thank You Mifflinburg School Board*

Thank you to Melissa Wagner, Tyler Snook, Brandon Hummel, Carl "Andy" Emery, Troy Zimmerman, and Brandon Straub for voting to not raise Mifflinburg school property taxes for the 2026-2027 school year. For a single (not by choice) divorced woman, it is not easy to keep a home let alone additional properties gifted to me by parents who worked tirelessly to pass their generations a legacy. I will continue the tradition. So thank you, and everyone in the community should be thanking you also.

*-Donna Jean Kahley Gemberling*

# Obituaries

**Romayne Straub, 90 Lewisburg**

Romayne E. Straub, 90, of Lewisburg, PA, passed away peacefully on Thursday, June 25, 2026, at Oak Glen Nursing and Rehabilitation Center. A Celebration of Life service will be held at a future date.

**Carl H. Haines Sr., 93 years old**

Carl H. Haines Sr. went to be his lord and savior on Saturday June 27, 2026, surrounded by his loving family.

Carl was born on December 6, 1932, in West Beaver Township, Snyder County, a son of the late George Paul and Arie Annie Alice (Bickel) Haines.

He attended both McClure and Mifflinburg area schools, but only for a limited time, yet the intelligence, talent, and work ethic that he naturally possessed shined through all aspects of his life.

On June 12, 1953, Carl married Ruth F. Klinger. Together, they had seven children: John, Connie (Jerry), Cindy (Stan), Theresa, Ed (Tina), Rick, Skip (Michelle). He later married Vivian J. Smith Conrad. She had six children.

Carl built a life across the East coast, living in Allen Wood Pa, New York State, and finally settling in Winfield Pa. In NY Carl practiced carpentry and operated a dairy farm. When he returned to PA, he established Carl H. Haines Co., a construction business. One of his greatest professional achievements was helping to build The Plaza House shopping center in Selinsgrove, Pa.

Carl was a lifetime member of the Buffalo Valley Church of the Brethren (now Buffalo Valley Brethren Fellowship Church) and was a mainstay of the "Golden Oldies" church group, where he fostered many great friendships.

Carl enjoyed playing cards, quoits (and winning), making homemade ice cream, and telling so many memorable jokes. He enjoyed the many opportunities he had to spend time with his sons, who followed in his footsteps on their job sites. Above all, Carl had deep care, love, and admiration for his family, taking great pride in the legacy he was able to create with his many children, grandchildren, and great grandchildren. The time he spent with them were some of the most cherished moments of his long and wonderful life. He never failed to greet every one of them with a hug and a kiss or say goodbye with " I Love You."

Along with his children, Carl is survived by Bucky and Evie Haines, whom he considered to be children of his own, as well as many grandchildren, great grandchildren, step grandchildren, countless family members, friends, neighbors, his sister Dot and brother George Haines. All of whom will carry on his wisdom and legacy for years to come.

Carl his preceded in death by Ruth Haines, the loving mother of his children, his wife Vivian Haines, his children John and Teresa Haines, Stan Ettinger (son-in-law), grandchildren Justin Dehart and Nolan Bonaparte, and fourteen siblings.

A viewing will be held on Friday, July 3, 2026,from 10:30 AM – 12:00 noon at Buffalo Valley Brethren Fellowship Church, 46 Brethren Church Road, Mifflinburg, followed by the funeral service at 12:00 noon with Pastor Eric Reamer officiating.

# PA SPRINT CAR SPEEDWEEK IS UNDER WAY WITH TEN RACES IN TEN DAYS FOR THE 36TH ANNUAL EVENT

After the first three nights of racing in the Pa sprint Speedweek Anthony Macri has one win with Chase Dietz two wins. Just as I wrote that it did not look like Macri was going to be able to run in the series this year because of a back injury he suffered in an accident at Williams Grove back in April. Anthony announced that a test session at Baps speedway on Wednesday June 24th would determine, if he was good enough to race, that session showed him and others that he was ready, so what did he go out and do Friday night at Williams Grove and won the 30-lap feature his first time back in a car for competitive racing, and the $10,000 check that goes with the win. The Grove had 37 drivers signed for the night's action, with Macri beating Justin Whittall, Lance Dewease, Ryan Newton and Troy Wagaman Jr. Chase Dietz had set fast time on the night but had trouble in his heat race and had to run the B-main. Chase spun out early in the B-main and could only come back for a seventh-place finish, not good enough to make the A-main. Dietz again set fast time at Lincoln speedway last Saturday and went on to score the feature win his seventh of the year at the Lincoln. Anthony Macri was second with James McFadden, Cameron Smith, and Lance Dewease in the top five, 38-drivers signed for the night 'action. Sunday night at BAPS Motor Speedway with Preston Lattomus setting fast time over the 37 drivers that signed in. The program on Sunday night started off slow, but picked up steam once heat race action started, with four sprint car heats going non-stop followed by two heats for the winged Super Sportsman doing the same thing, the B-main for the sprints also went non-stop, with the sprint feature only having one stoppage when the cars of Dyan Norris and TJ Stutts both spun in turn three, both drivers continued in the race. Ryan Smith jumped out to an early lead holding off James McFadden, with Chase Dietz sitting in fourth till the mid-point of the race when Chase moves on past both McFadden and Smith and went on to with the 30-laps feature and picked up $12,000 to add to the $10,000 he made on Saturday at Lincoln. Dietz has his work cut out for him to get back in the points battle with qualify troubles at Williams Grove on Friday. Three drivers from the country of Australia are racing in the weeklong event James McFadden of Alice Springs NT, Ryan Newton of Sunshine Coast QLD and Parker Scott of Mount Gambler SA. Chase Dietz scored the feature win over James McFadden Ryan Smith Brady Bacon and Justin Whittall. So far in the three races there has not been a repeat heat race winner with twelve different drivers winning heat races and three different drivers winning B-mains.

Monday night things shift back to Lincoln speedway for the Steve Smith Tribute race with paying the winner of the 35-laps feature $50,019, Smith Sr who past away a few years ago was the very first winner of the Speedweeks tile back in the 1991 season and his son Steve Jr won the title in the 2015 season.

With the rained-out race at Selinsgrove last Saturday something had to be moved around, first kids night is now reset for Saturday August 1st, with a four division show of Super late models, limited late models, East Coast 360-wingless sprints and the PASS 305 sprints. The Fan Appreciation night is now set for Sunday August 30th which will feature the 410-sprint and Street Stocks. The L'L' Bob Street Stock Special will now move to Saturday September 19th with super late models in action under the region series ULMS banner along with Limited late models, and Street Stock in their special race.

Last Friday night they took the roofs off the Modifieds and Sportsman Modifieds for two special payouts, The 358 Modifieds were racing for $7,000 to win while the 602 Crate Sportsman Modifies were racing for $1,000. In the 30-lap Modified feature Louden Reimert and Ryan Watt staged a battle for the top spot most of the race, with Watt getting the better of it late in the race that was until a yellow with two laps to go closed the field back together. Reimert made his move the restart and went on to win the feature over Watt. Louden gave credit for Logan running him clean side by side race, this was Reimert third win of the season at Diamond. "Hats off the Logan, he has run me clean all year and it was a Blast to race with him that close knowing that he would race me clean the whole time. Mike Gular drove from his 12th starting spot to finish third with Billy Pauch Jr and Duane Howard fifth. Zach Steffey won the 601 crate feature over Bryce Bashore, Bryan Rhoads Reice Widger and Matt Martino, the win for Steffey was his second of the season. This Friday Big Diamond comes back with twin 20 lap features for the 358-Modifieds in the George Stevenson Memorial race.

After Monday night at Lincoln the rest of the sprint Speedweek looks like this Tuesday June 30th at Grandview speedway along with 358-Modifieds, Wednesday July 1st at Port Royal along with URC 360-sprints, Thursday July 2nd at Hagerstown speedway, Friday July 3rd back to Williams Grove for the Mitch Smith Memorial paying $20,000 to win, and it ends this weekend Saturday July 4th at Port Royal for $15,000 to win along with a $4,000 to win race for the super late models, and it all ends on Sunday night July 5th at Selinsgrove for a $12,000 to win event along with the Wingless super Sportsman.

This is just in from Monday night at Lincoln Chase Dietz wins again Anthony Macri does not make it into the feature. In a wild turn of events, Macri, who started Speedweeks off with a feature win, had trouble Monday night at Lincoln and did not make the show. The night started well for Macri has he set overall fast Time, but in his heat, he got into a tangle with a spinning car which left damage to the #39. Macri just missed qualifying by one spot and started on the front row for the first B-main, but he could not keep up his momentum from what he had when the night started and missed making the feature by one spot, Dietz has now rebounded from his opening night problems where he did not qualify for the feature at Williams Grove, Dietz now has won three features in a row and moved back into the points battle for the Speedweek title. Dietz won the feature over Danny Dietrich who came from the 22nd starting spot to a second-place finish, with Cameron Smith in the Jacob Allen 1A third, Logan Schuchart and Brady Bacon in the top five. Dietz took home the $50,019 top prize in the Steve Smith Tribute race, which is the highest paying race of the ten Speedweek shows. This was his 14th win of the season and 8th overall win at Lincoln speedway this year. Brian Leppo is a former driver and son-in-law to the late Steve Smith Sr. was a big part in raising a big part of the extra money that was handed out on Monday night Chase Dietz had a quality night fifth fastest in time trials, won his heat and started second in the feature, 50-drivers signed in for the night's events. This was the fifth event that was run to honor Smith Sr who passed away in 2021 at the age of 74, A mix of WOO series and High Limit series drivers were on hand for the race, Carson Macedo, Kerry Madsen, Logan Schuchart, Brent Marks, Parker Price Miller a true Outlaw. Preston Lattomus had a nice come back after almost knocking down the catch fence in turn two, which took 30-minutes to fix, which gave time for Preston and his team to fix his broken #91 in time for the one of the two B-mains, Lattomus placed second in the second one and made the show, but dropped out of the feature and was credited with a 22nd place finish.

# LASD Students Dig into Agriculture at Farm Field Day

***Lewisburg Kindergarteners experienced agriculture first hand during LASD's first Farm Field Day. The event was hosted by high school students in the Sustainability Farm-to-Table class. Kindergarten students are shown here at one station, painting pots.***

On a sunny Friday in May, Lewisburg Kindergarteners experienced agriculture first hand during LASD's first Farm Field Day. The event was hosted by high school students in the Sustainability Farm-to-Table class and their teacher, Alex Oliver. The younger students made their way through eight activity stations such as identifying seeds, painting pots, tasting microgreens, conducting a scavenger hunt on the butterfly path and making veggie pizzas. LAHS senior Ellis Reed gave tours of the greenhouse describing plants and how to care for them.

"Many kids of this generation are inside and online," Reed stated. "Having them come outside to learn about plants, vegetables and healthy food is good for them." The day was not only a learning experience for the younger students but a teaching experience for the high school students. "This day gives my students an opportunity to show what they know by teaching it to someone else, which is one of the best ways to demonstrate how well you know something," Oliver said. "They prepared all these different stations to teach the kids about different facets of regenerative farming."

# Mifflinburg Intermediate School's Students of the Month

Congratulations to the March 2026 Students of the Month from the Mifflinburg Area Intermediate School!

3rd – ***Andrew Stoffelen*** – Andrew is the son of Ryan and Mandee Stoffelen of Mifflinburg.Andrew's teacher is Mr. Valentine, and his favorite subjects are math and gym. Andrew also participates in enrichment at school. Outside of school, Andrew likes to play baseball and hockey, and his favorite hobbies are fishing, playing video games, and camping. Andrew's favorite places to visit are Canada and the Dominican Republic. Andrew also has dognamed Cooper. In the future, he hopes to become an engineer, a Major League Baseball player, or a National Hockey League player.

4th – ***Savannah Mook*** – Savannah is the daughter of Lisa and Landon Mook of Mifflinburg. Her teacher is Mrs. Bollinger, and her favorite subject isreading. Savannah is a part of the school's Art Club, and outside of school, she likes to playsoccer and Upward basketball.In her free time, Savannah enjoys painting and making crafts. Her favorite place to visit is Great Wolf Lodge, and in the future, Savannahhopes to become an artteacher.

5th – ***Corrie Hackenberg*** – Corrie is the daughter of Christine and Matthew Hackenberg of Winfield. Herteacher is Mrs. Fontana, and Corrie's favorite subject is music. She plays the clarinet in the school's band and sings in the chorus. Corrie is also in the school's Art Club and participates in Hoping Hands and enrichment. Outside of school, Corrie enjoys playing the piano and participating in Girls on the Run and Chorusfest. Some of her hobbies include singing and drawing, and her favorite place to visit is Canada. Corrie hopes to become a teacher in the future.

Congratulations to each of you and keep up the good work!

Times!

I'm putting a bow on the high school Spring sports seasons with those that earned first-team All-Star recognition from our four schools.

The boys first-team lacrosse All-Star team was dominated by D4 champion Selinsgrove with six selections and player of the year in Ben Bucher. Bucher led the area in total points. Five sophomore Seals were selected which bodes well for the future of Seal LAX. The only senior aside from Bucher is defender Logan Dressler, a four time first team selection. Dressler had 15 goals and 9 assists, big numbers as a defensemen.

Graham Davis finished with 45 goals and 30 assists, Quinton Davis had 64 total points (34 goals and 30 assists). Nash Fordyce had 47 goals and 29 assists and defender Peter Scorsone picked up 76 groundballs and had 37 takeaways. If you were able to get by Dressler and Scorsone you had to beat first-teamer Max Sheltman between the pipes. Max allowed fewer than eight goals a game with a 61% save rate.

The improving Miff LAX team had junior defender Derrick Bingaman named to the first team. He grabbed 98 ground balls and had 35 takeaways. Lewisburg's Mitchell Lorenz, a repeat midfielder selection was the leading scorer with 39 goals and 11 assists. Congrats to all for raising the level of LAX play in the Valley.

Mifflinburg standout softball hitter and pitcher Taylor Stewart repeated as the local player of the year. She hit .453 with 29 RBIs and had a 22-1 pitching record in the circle. All those gaudy numbers are not the only reason the Mifflinburg softball team was undefeated until they lost their first game of the year in the last game they played. They lost to eventual state champ Pine Grove in the PIAA Class 3A quarterfinals.

Stewart had a strong cast of great players behind her that could play defense and crush the ball. The Wildcats lineup had four other players that hit .400 or above with junior catcher Brooke Gessner leading them all at .492! Let that sink in… almost half the time Gessner batted she got a hit.

The other first-team Mifflinburg All-Star aside from the battery of Stewart and Gessner was senior shortstop Anna Pachucki who hit .425 and will be taking her talents to Mansfield in the Fall.

The Selinsgrove girls were well represented as first-team All-Stars with Molly Hess, Teagan Richter and Sadie Bigger. Hess, a sophomore second baseman, hit .484 with 30 hits and 18 RBIs. Richter, who missed her junior year with an ACL injury, was the Seals only senior. Teagan hit an astounding .528 with 24 RBIs. Sadie Bigger rounds out the Grove selections. The sophomore outfielder hit .483 with 28 hits of which half of them were for extra bases which equates to an .879 slugging average. The Phillies Kyle Schwarber is currently slugging .591 for comparison purposes.

Midd-West had senior pitcher Emma Wagner and freshmen converted catcher Olivia Dorman named to the team. Wagner, always doing what's best for the team, pitched in 14 games this year after only one appearance in the circle last year. She hit .431 and had more RBIs (28) than hits (25). The much ballyhooed Dorman hit an amazing .545 under the tutelage of off-season hitting coach Ed Good and scored a team high 26 runs.

Bella Furgison won the New Balance shot put championship held in Philadelphia. Furgison beat Sinking Springs Alivia Noecker by more than 18 inches. Noecker won the gold medal at states to Furgison´s silver. Furgison will be a Selinsgrove senior this fall.

Tegan Minnier, a 2025 Grove graduate won the Junior 105kg (231 pounds) crown at the International Powerlifting Federation's Bench Press championships in Warsaw, Poland. What that means is he's a very strong young man. Minnier benched twice his body weight by putting up just shy of 463 pounds on his third and final lift to win World gold.

Many of our area students have moved on to play in their local Little Leagues in softball and baseball in many different age groups. Others have begun playing in travel leagues where the travel and expenses don´t compare with Tommy going to his local park and playing against classmates and neighboring towns.

We as parents want to provide as much as we can to help our children enjoy their summer and improve in the sport they are playing. Unfortunately this comes at a cost that is a hindrance to lower income households. Since Covid ended, participation among youths playing sports (ages 6-17) has increased by 55% according to the federal government. The cost to play has increased by 46% since 2019.

The increase in cost is directly related to travel leagues where it´s not unheard of to spend many weekends in a hotel in Lancaster, Orlando or Virginia Beach. With so many municipal parks and local leagues closing due to lack of funding, participation in the free leagues is waning. That is why private equity is investing more money into travel leagues and raising prices to play. Youth sports generates $40B every year, nearly double that of the NFL.

The federal government has a national public health goal for youth participation to reach 63% by 2030. Oddly enough the states with the highest current rankings are Vermont at 72%, South Dakota 69% and New Hampshire with 68%. Pennsylvania is at 58%. The only sports that have gained in participation rates over the last five years are flag football, golf and tennis….two of which normally have higher household incomes.

Women's basketball, more specifically the WNBA, has grown in popularity in recent years and if they want this trend to continue they have to address the Caitlin Clark issue. Clark is being physically punished on the court by other teams and fouls are seldom called. She has been pushed to the court from behind during timeouts. Just last week Alyssa Thomas drove her fist into Clark's neck to get up after they were both laying on the court. No foul for this until the next day when fans and the national media screamed foul did the WNBA review this thuggish behavior. They suspended Thomas for one game. It´s as if Clark is also playing against the three refs on the floor.

Clark is no angel and plays hard with a passion others might find offensive. She is also white and very much a minority in more ways than one than those she plays against. The injuries from all this physical and some would say dirty play has prevented her from being the best player in the league. Clark is absolutely the most popular player among all fans. If league officials don´t figure this out, all the momentum Clark brought to the league will simply vanish. I am a fan of Clarks and will only watch a game she is playing in.

I never was a fan of the New York Yankees but gleefully watched them get swept in Boston last weekend. I have always associated the Yankees with George Steinbrenner, the fact they pay big money to free agents from lower paying teams and they were always clean shaven. While watching them get swept by the Sox last Sunday, I thought I was watching an NHL team in the playoffs! What would King George say?

I just wanted to close out the college football story of the Spring and the gambling fiasco that is Brendan Sorsby. He has limited options to play football before the April 2027 NFL draft. The UFL and owner,organizer Mike Repole is making a push to have Sorsby play in his league. The problem is the UFL season runs from the end of March to the end of May with the NFL draft right in the middle of the UFL season. The CFL ruled him ineligible to play like the NCAA and NFL did earlier. No matter if Sorsby plays anywhere before he is drafted by the NFL, he has delivered a ´30 for 30´ story to ESPN on a silver platter.

Have a safe and fun-filled July 4th holiday ….Comments and questions can be sent to theviewfromhear74@gmail.com

**PAID FOR BY UNION COUNTY RESIDENT**

Das Jüngste Gericht. Giebelrelief am Fürstenportal des Bamberger Domes. Vor 1237

FIGURE 27
Papal Antichrist as wild man. Melchior Lorch (1545). Reproduced from H. Grisar and F. Heege, *Luthers Kampfbilder*, vol. 4, Tafel II

FIGURE 28
Reviving the papal Antichrist. *The Origin and Heritage of Antichrist* (1540s). Reproduced from H. Grisar and F. Heege, *Luthers Kampfbilder*, vol. 4, Tafel III.

Apocolypse 17, for examole, is unmistakably papal. In a famous picture that Melchior Lorch dedicated to Luther in 1545 (Fig. 27), the pope appears as the "wild man" of legend with two heads, a monstrous hairy body, a destructive tail, and the papal symbols--the tiara, the keys, and the triple cross, here recast as a savage club. This is surely one of the most effective of all representations of Antichrist, testifying to the imaginative force of Reformation fear of the papacy. Other pictures were more amusing than terrifying. For example, the broadsheet published under the title "The Origin and Heritage of the Antichrist", probably from the 1540s, shows two devils breathing life into a fat, naked pope by means of black magic. In the background other devils are crushing priests, monks, and religous in a huge vat, preparing the raw material for the formation of the *imago diaboli*, that is, the papal Antichrist (Fig. 28).

A multitude of pamphlets spread the message to the Protestant faithful. A good example can be found in Henry of Kettenbach's popular *Little Book of Antitheses (Antithesenbüchlein)* of 1523, which expanded upon the Hussite antitheses and the Passional to portray sixty-six contrasts between Christ and the papal Antichrist.

# LWV Lewisburg Area Announces 2026 Nancy M. Neuman Citizenship Award Recipient

The League of Women Voters of the Lewisburg Area (LWVLA) is pleased to announce that Gibson O'Mealy has been selected as the recipient of the 2026 Nancy M. Neuman Citizenship Award, which includes a $1,000 scholarship.

Established in 1986, the award honors Lewisburg resident Nancy Neuman upon her election as National President of the League of Women Voters of the United States. The award recognizes a graduating high school senior who demonstrates leadership potential and a commitment to community, national, and international issues through informed action, advocacy, and service.

The League of Women Voters believes that democratic government depends upon the informed and active participation of its citizens. Through this award, the League seeks to encourage young leaders who educate, engage, and inspire others to become active participants in their communities.

Committee Chair Helen Nunn noted the importance of the selection process and the caliber of students considered for the award. "It's an honor to review the student essays and work through the high schools of Union County to identify qualified students," said Nunn. "This year's applicants demonstrated impressive commitment to civic engagement and community service. Gibson's record of leadership and dedication to public service made him a truly outstanding choice for this recognition."

Gibson O'Mealy exemplifies those qualities through his extensive record of leadership and civic engagement. During high school, he served as Youth Representative to the Union County Public Library, Junior Council Member to the Lewisburg Borough Council, President of the Lewisburg Area High School Student Council, and President of the school's Model United Nations Club. He also served as President of the statewide high school division of one of Pennsylvania's political parties.

This fall, Gibson will attend Howard University, where he plans to major in Political Science and pursue a career in Constitutional Law.

The League of Women Voters of the Lewisburg Area proudly recognizes Gibson O'Mealy as the 2026 recipient of the Nancy M. Neuman Citizenship Award.

For more information, contact the League at LWVLewisburgArea@gmail.com.

# Jasmine-Aire Boutique Hosted Grand Opening at Shamokin Dam Location

*By Kay Poeth*

On Friday, May 8, 2026, Jasmine-Aire Boutique hosted a Grand Opening and Ribbon Cutting Ceremony at their Shamokin Dam location. The staff was joined by community members and local leaders for the festivities including light refreshments and exclusive sales and free gifts.

The Sterner Family of Jasmine-Aire Boutique posted on Facebook: "The event was a huge success and it would not have been possible without this amazing community, both near and far! From the customers who have been on this ride with the Jazz for decades, to those who are new and excited to join the journey, we thank you all for the support you have extended to our team and family." It concluded with "There has been so much history in the last 55 years of the Jasmine-Aire, here's to 55 more!"

Jasmine-Aire Boutique, is an Appalachian mountain town boutique, offering crystal jewelry, hippie clothing, sacred gifts & metaphysical tools. Customers can expect the same vibes, the same staff and ownership, and the same products! Parking is free, convenient, and wheelchair accessible.Plus, you can shop at Jasmine-Aire while you are already on the strip!

Jasmine-Aire is growing and wanted to be "right in the middle of all the action. This new space will have increased traffic and a more visible presence that will facilitate growth and stability. This will benefit our staff and community," state the owners.

Congratulations to Ray and Nova Sterner, co-owners of Jasmine-Aire Boutique on their expansion into Snyder County. Located at 2854 N. Susquehanna Trail in Shamokin Dam, Jasmine-Aire Boutique. Visit them on Facebook or online at jasmineaire.com.

# Volunteer Ombudsmen Make a Difference for Residents in Long-Term Care Facilities

***Pictured left to right: Beth Shaffer and Charlotte Barrett (volunteers); back row-Amy Foster (Ombudsman Supervisor), Clay Price and Covert Loughhead (volunteers)***

April is National Volunteer Month, and the Union-Snyder Agency on Aging, Inc. is fortunate to have 4 volunteers assisting with the Ombudsman program. These volunteers undergo the same training as the paid staff Ombudsmen and serve as advocates for residents in skilled nursing facilities and personal care homes. Volunteer Ombudsmen provide residents with resources, advice on how to resolve concerns about the facility, and offer a voice to residents who aren't comfortable addressing problems on their own. Since July, our volunteer Ombudsmen have donated nearly 120 hours by providing information to residents, conducting facility visits, attending Resident Council meetings, and participating in trainings. Our volunteers work with long-term care residents in facilities in Union, Snyder, Northumberland, Columbia, Montour and Perry counties. For more information on how you can volunteer with the Ombudsman program, please call 1-800-533-1050.

# Aviation Day at Penn Valley Airport Thrilled Visitors

*By Kay Poeth*

***Photo by Jon Stante of Heartmade Productions***

***Photo by Jon Stante of Heartmade Productions***

***Photo by Debbie Bilger***

On May 30, 2026, the Penn Valley Airport in Selinsgrove hosted its 5thAnnual Aviation Day, organized by the Penn Valley Pilots Organization and Board of Directors. Residents of Snyder, Union, and Northumberland counties flocked to the event with 3,500 in attendance. Local Boy Scouts did an excellent job of parking, maneuvering guests and their vehicles in and out of the designated parking area.

The Aviation Day featured exhibits, scenic tours, a 1943 C-47 Skytrain warbird that served in World War II, a helicopter from Geisinger Life Flight, Angel Flight East, local pilots and more. Planes were on display outside of the hangars and there were a variety of exhibitors on-site including Brian's Susquehanna Thruway Project, Monkey RC, AerObats, Susquehanna Valley Modelers and more were all engaging with the public and showcasing the talent of the Valley's own pilot community. Cirrus Aircraft manufacturer attended showcasing a brand-new Cirrus G7 with the latest aviation technology and safety features in general aviation.

Local pilots were proud to exhibit their aircraft while sharing their experiences in flying from business to pleasure. Visitors walked across the airfield snapping photos, taking videos, chatting with pilots, peeking inside the planes while youngsters clambering aboard to explore. Airplanes and helicopters taxied down the runway and into the sky thrilling their occupants as well as the spectators below.

The main attraction of this event featured a 1943 C-47 Skytrain that served in Operation Neptune during World War II, presented by Tunison Foundation. Nearly 900 guests were fortunate to be able to get a guided tour inside of Placid Lassie. Thousands of bystanders opted to admire history from the outside. Merchandise was available for purchase to support Placid Lassie, which sold out quick throughout the event. The interactions between crew and guests were remarkable, people are still talking about this historical aircraft being in their small town.

A fly over was conducted from COPA Formation, to honor the late Dr. Victor Vogel who passed away in April. Dr. Vogel was a member of PVPO who started these annual events in 2021 and who was a major contributor to the growth of Penn Valley Airport through all his educational efforts.

Another popular attraction seemed to be the helicopter rides as many were taking to the skies for their first flight! People lined up for tours from Chester County Aviation, located in Coatesville PA, who offered helicopter rides.People were eager for a sightseeing tour. Chester County Aviation went up and down the Susquehanna River.

Valley Sky Tours were also giving tours in their Mooney 4-seater. The plane is approximately 50 years old and can fly at speeds of 200 miles per hour. The views were amazing. And, many can't wait to go on another ride next year!" If you missed the opportunity to soar in the sky and see the Susquehanna Valley from a different vantage point, Valley Sky Tours offers sightseeing tours around the Susquehanna Valley, "their home base at Penn Valley Airport."

Keystone Aviation Group from the Northumberland Airport had two airplanes this year, providing introductory flights to aspiring aviators.

Brady Fries, a native of Selinsgrove and now airline pilot, noted that "All ride goers loved their experiences with our three providers of flight experiences, this group of pilots we having providing the unique opportunity to see the Susquehanna Valley are fantastic airmen."

There is a myriad of employment opportunities in aviation. In addition to pilots, other careers include airplane and helicopter mechanics, avionics technicians, air traffic controllers, drone pilots, dispatchers, and meteorologists. Those seeking employment can check with local airfield and airline agencies to learn more! Aviation is a growing community and there are always open roles throughout the networks.

"These events are also a foundation to help inspire the next generation of aviators whether that be flying or mechanical, air traffic controller to airline dispatcher," said Fries.

Inside the terminal, a Redbird FMX full-motion aircraft simulator provided by Susquehanna STEM to the Skies was booked with enthusiastic future pilots. This provided hands-on experience in a virtual setting. It is exciting and realistic. Just seeing it does not begin to describe the overall rush of rolling down the runway and flying into the clouds, adjusting for the altitude, mountains, and terrain. SUN Tech partnered with Susquehanna STEM to the Skies and raffled off a '07 Oshkosh Pedal Plane.

Outside, young children and their families were enjoying face painting and playing a Connect Four-yard game. The Snyder County Sheriff office was in attendance with their cruisers and bicycle helmets for kids, guests loved being able to interact with local law enforcement, and being able to see the cruisers up close. Hummel's Wharf along with Selinsgrove DH&L and Shamokin Dam had fire trucks on display, including a restored 1970's Mack from Hummels' Wharf. There were lots of food trucks on hand with options for all which is a great feature of these events! It's where "good vibes and great eats are cleared to land" originate from.

Aviation Day highlighted the importance of this regional airport to local communities. Penn Valley Airport provides jobs and economic value to the community. Aviation and business go hand-in-hand. Many private businesses use the airport to grow and maintain their businesses. First Responders also use the airport for emergency and disaster situations, and on-site medevac provides life-saving transportation. The Penn Valley Pilots Organization (PVPO) is committed to expanding and enhancing Aviation Day each year. The Penn Valley Airport is located at 100 Airport Road in Selinsgrove.

"This great community event brings everyone together to show what aviation is," said Fries. "We offer different types of entertainment and activities for all. Next year we're working for something bigger and better, hoping to see familiar and new faces at Penn Valley Airport!"

## Graduates

***Shenandoah University***

William Gronlund of Lewisburg, earned a Bachelor of Business Administration.

# PennDOT Honors Local Employees for Innovation

*Pictured here (From left to right) are: PennDOT Secretary Mike Carroll; District 3 Assistant Maintenance Manager Stephen Tokarz; District 3 Executive Eric High; District 3 eCamms Coordinator Andrew Poploskie; District 3 Materials Manager Jeff Kerr; Deputy Secretary for Highway Administration Christine Norris; and PennDOT Executive Deputy Secretary Larry Shifflet. Missing from the photo is District 3 Pavement Engineer Isaac Bragunier.*

The Pennsylvania Department of Transportation (PennDOT) recognized PennDOT employees with Innovation Awards for creating efficiencies and implementing best practices at a ceremony this month. Four team members from PennDOT's District 3, which represents Tioga, Bradford, Lycoming, Sullivan, Union, Snyder, Northumberland, Montour, and Columbia counties were among the honorees.

"Coming from a variety of different perspectives and backgrounds, PennDOT's workforce of nearly 12,000 is uniquely equipped to meet the needs of an industry that changes every day," said PennDOT Secretary Mike Carroll. "These awards honor PennDOT's most creative thinkers, who go out every day and find innovative ways to meet the challenge head-on."

The annual Innovation Awards Ceremony recognizes some of the best and most innovative ideas cultivated and implemented by PennDOT employees across the Department. The ceremony honors employees who looked at the work they were doing, the processes, systems and tools they were using, and found ways to improve the quality, safety and value of the products and services PennDOT provides. Each employee receives a custom award that represents PennDOT's appreciation for their dedication and commitment to efficient and effective operations at all levels of the organization.

Carroll and other department executives honored winners District Pavement Engineer Isaac Bragunier, District Materials Manager Jeff Kerr, Electronic Construction and Materials Management System (eCAMMS) Coordinator Andrew Poploskie and Assistant Maintenance Manager Stephen Tokarz. Bragunier, Kerr, Poploskie, and Tokarz were recognized for research and implementation of changes that improved microsurfacing as part of the district's Pavement Preservation Strategy. This microsurfacing innovation increases roadway life cycle, ensures acceptable skid resistance, and is cost-effective.

"When previous microsurfacing methods were having a negative impact on skid resistance, our team stepped up to the plate and collaborated to improve microsurfacing. I am proud of these four employees for their commitment to find an innovative solution that not only improves safety on our roadway, but also saves the taxpayers money," said District 3 District Executive Eric High.

# Pollinator Pathway Garden Tour on July 11 & July 18 in Mifflinburg

For the Earth's second Pollinator Pathway Garden Tour is just around the corner. Join Jeanette on Saturday, July 11 & July 18 from 9-10 am at 212 South 4th Street, Mifflinburg where she will share ways to integrate native perennials, shrubs and trees into an existing mature landscape creating a welcoming habitat for a wide variety of pollinators. This particular garden tour will have a special focus on native keystone and host shrubs.

Keystone plants are native flora that are disproportionately critical to the survival of local ecosystems, supporting up to 90% of plant eating insects like caterpillars and specialist bees. Without these foundational plants, the food web collapses – much like removing the central keystone in an archway. Because local birds, insects and wildlife co-evolved alongside specific regional plants over thousands of years, planting the right keystone species has a massive impact on backyard biodiversity.

A host plant is a specific species that an insect, bird, or other organism relies on for food, shelter or reproduction. It is the foundation for an insect's life cycle, providing a surface for eggs to be laid and the exact nourishment their young require to grow. Many insects are 'specialists' and have evolved to interact exclusively with certain plants. If these plants are unavailable, the dependent species cannot survive.

Garden tour visitors will come away with an understanding that these native keystone and host plants are vital to restoring biodiversity and reestablishing nature's balance.

If you missed For the Earth's first pollinator pathway garden tour, contact Lori at 570-768-1750 to set up a date to visit and discover ways to convert a lawn into a living habitat for pollinators and other types of wildlife.

If you care deeply about the health of the planet, contact fortheearth2@gmail.comto help restore nature's balance one patch of earth at a time!

# Herr Memorial Receives National Grant for Small & Rural Libraries to Work with Residents to Expand Accessibility & Engagement

Herr Memorial Library has been selected as one of 300 libraries to participate in the fourth and final round of Libraries Transforming Communities: Accessible Small and Rural Communities, an American Library Association (ALA) initiative that provides community engagement and accessibility resources to small and rural libraries to help them better serve people with disabilities.

"We are honored to receive this opportunity," said Library Director Sandy Hornberger. "This grant will help us strengthen accessibility and enhance engagement for our entire community. Our goal is to ensure the library remains a welcoming and supportive space for everyone we serve."

The competitive award comes with a $10,000 grant that will help the library improve and expand accessibility, ensuring that services, programs, and spaces are welcoming and usable for all members of the community. It will allow the library to explore enhancements that reduce barriers to access and strengthen its ability to serve people of all ages and abilities.

As part of the grant, Herr Memorial Library staff will take an online course in how to lead conversations, a skill vital to library work today. Staff will then host an in-person conversation with residents about engagement and accessibility and use the grant funds to make mindful and intentional improvements to library services, programs, and spaces that support greater accessibility and community engagement. More information for the community conversation will be announced. Stay tuned for more information.

Since 2014, ALA's Libraries Transforming Communities initiative has re-imagined the role libraries play in supporting communities. Libraries of all types have utilized free dialogue and deliberation training and resources to lead community and campus forums; take part in anti-violence activities; provide a space for residents to come together and discuss challenging topics; and have productive conversations with civic leaders, library trustees, and staff. Libraries Transforming Communities: Accessible Small and Rural Communities is an initiative of the American Library Association (ALA) in collaboration with the Association for Rural and Small Libraries (ARSL).

If you are interested in getting involved or taking part in the conversation, please contact Herr Memorial Library at (570) 966-0831, or visit the library in person at 500 Market Street in Mifflinburg.

# Cup O Code Presented Charles Coder Entrepreneurial Leadership Award

*Edited by Kay Poeth*

During the National Small Business Week celebration, SBDC honored Cup O Code as the 2026 recipient of the Charles H. Coder Entrepreneurial Leadership Award. The award, named for the founding director of the Bucknell SBDC, honors individuals and organizations that demonstrate exceptional leadership, innovation, and commitment to serving the region's small businesses.

Cup O Code exemplifies the spirit of the Bucknell SBDC's signature Charles H. Coder Entrepreneurship Leadership Award: entrepreneurial grit, growth, innovation, and meaningful community leadership.

Cup O Code LLC is a full-service digital marketing, web development, and creative services company specializing in website development, social media management, branding, videography, graphic design, and strategic marketing consulting. Its collaborative model blends business strategy, high-end creative, and user-friendly technology solutions for small businesses, nonprofits, and regional organizations.

Since its founding in 2016, Cup O Code is led by four co-owners whose diverse backgrounds form a cohesive, high-performing team. Initially formed by Nick Yost, driven by a passion for entrepreneurship and business building, complemented Tim Keeley's creative and technical expertise.

Post-Covid, the team expanded. Brandon Allison, a website developer with agency experience, brought modern web-development capabilities and transformed Cup O Code's technical infrastructure and scalability. Norm Jones, a marketing strategist and media consultant, joined as a partner after several project collaborations. His addition expanded sales, strategy, buying relationships, and regional reach.

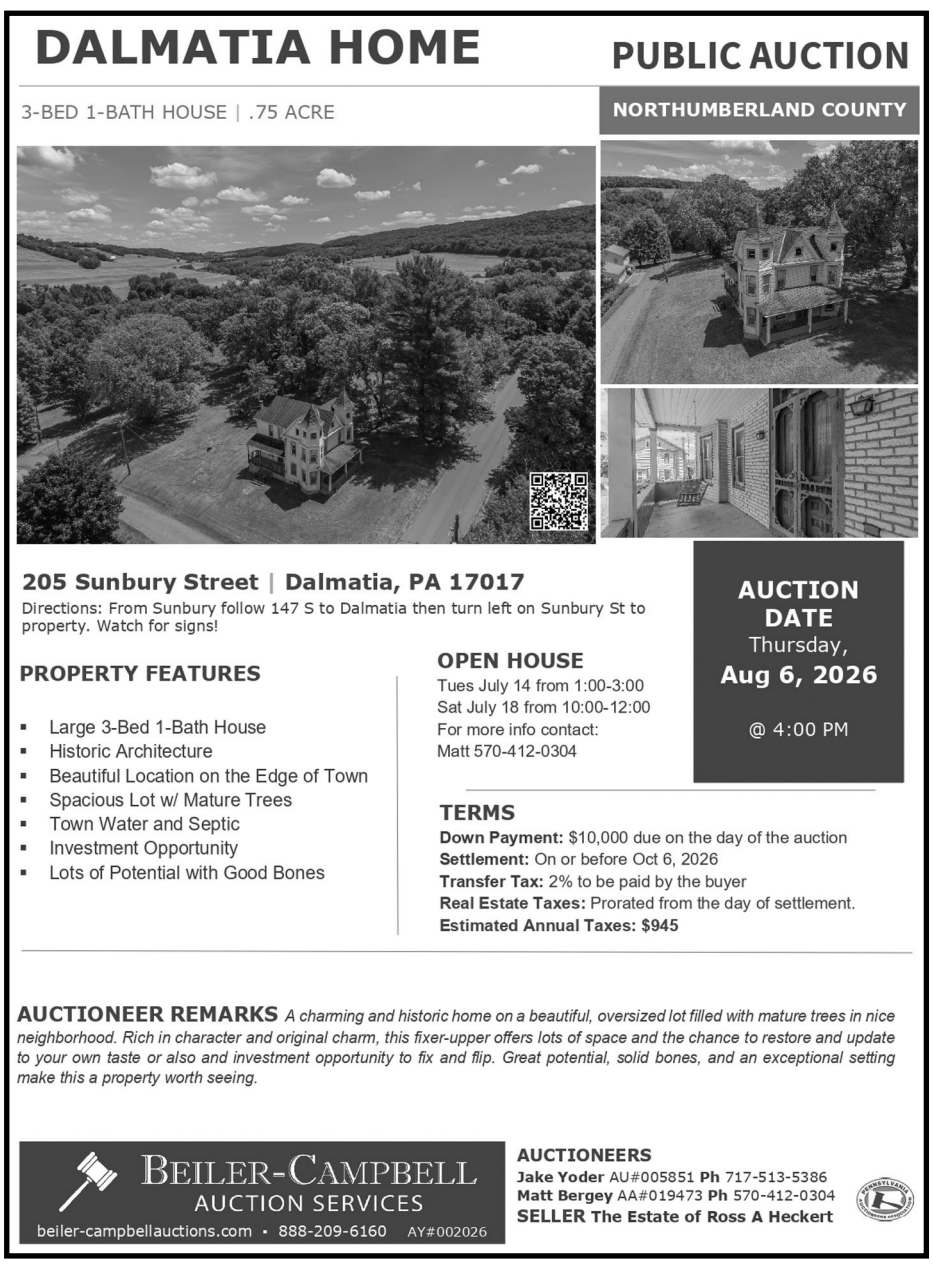

Today, they manage a multi-state marketing and web development agency serving clients nationwide. Each owner specializes in a core function—business operations (Nick), creative development and innovation (Tim), technical development and hosting (Brandon), and sales and strategy (Norm)—while operating collaboratively. They have a reputation for delivering high-quality marketing services and promoting the success of other small businesses. The company is headquartered in Northumberland with satellite locations in Ocean City, NJ and Wilmington, NC.

Cup O Code is deeply committed to building stronger communities through creativity, service, and strategic support. The company amplifies local entrepreneurship through its Small Business Spotlight video series, featuring 75+ businesses at no cost. Campaigns like Coffee Jam and March Madness for Coffee Shops drive visibility and customer traffic to independent cafés, while their custom-built Ocean City business directory helps extend seasonal foot traffic for small retailers. In partnership with the Bucknell SBDC, Cup O Code co-hosts Business Bytes & Brews—a recurring networking and education event that fosters peer learning and resource sharing among entrepreneurs.

# Dairy Princess Madyson Reich Visits New Berlin Preschool

*By Kay Poeth*

Dairy Princess Madyson Reich recently visited New Berlin Preschool as the students concluded their farm unit. Madyson discussed with the children what cows eat and drink in a day, how they are milked twice a day, and what foods are made from milk. She held up various food items and a milking machine. Madyson also read a story about farming. The classes enjoyed a dairy snack consisting of milk and cheese. They also made a cow craft. The Dairy Princess was joined by the Dairy Miss Emmalyn Reich during the visit.

Preschool enrollment is open for the following school year for New Berlin Preschool. If interested, contact the preschool teacher, Karen Smith at 570-765-0122.

# 2026 Pan-Mass Challenge to Support Cancer Research

This August 1 & 2, the Pan-Mass Challenge (PMC) is hosting its annual bike-a-thon across Massachusetts, and Mary Howe from Lewisburg will be among the more than 6,000 cyclists and 4,000 volunteers participating in the event to raise money for cancer research and care at Dana-Farber Cancer Institute. The PMC, which raises more money for charity than any other single athletic fundraiser in the world, is aiming to raise more than ever this year, with a fundraising goal of $79 million.

This year's PMC comes at an especially critical time, with federal research support shrinking, grant approval rates reaching historic lows, and cancer cases continuing to rise. For the 20th consecutive year, 100 percent of every rider-raised dollar will go directly to Dana-Farber, one of the nation's top three hospitals for cancer research and care.

"The theme for this year's PMC, which is 'now, more than ever,' underscores the paramount importance of every single dollar raised in fueling the search for a cure," said Billy Starr, founder and chairman of the PMC. "We are endlessly grateful to every rider, volunteer, donor, and sponsor who makes the PMC possible. Because of their training miles, long hours of volunteering, generous support, and unwavering commitment, we are moving ever closer to a world without cancer."

Since its inception in 1980, the PMC has raised $1.125 billion for Dana-Farber, making it the organization's largest single contributor and accounting for 67 percent of the annual revenue of The Jimmy Fund, Dana-Farber's community-driven fundraising arm. This unrestricted annual funding has empowered and accelerated advancements in cancer research, deeply benefitting patients across the world.

During each annual PMC weekend, thousands of cyclists and volunteers come together from across the world, hailing from 47 US states and 12 countries, with a shared purpose of raising as much money as possible for Dana-Farber. Cyclists ride routes ranging from 25 to 177 miles. Included among these participants is the PMC Living Proof community, riders and volunteers who were previously treated or are currently undergoing cancer treatment and serve as Living Proof of the progress made through raising funds for cancer research and treatment.

To Donate: https://profile.pmc.org/MH0534

There is still time to participate in this year's Pan-Mass Challenge. Folks interested in getting involved can learn more and register at PMC.org.
